

GILANG WIKO WICAKSONO

Data Analyst | IT & Software Development | Cloud & Business Intelligence
(+62) 858-3314-8020 • gilang.ikoo15@gmail.com • linkedin.com/in/gilangikoo • Pekanbaru, Indonesia

PROFESSIONAL SUMMARY

Results-driven Data Analyst and IT professional with hands-on experience in end-to-end data workflows, web application development, and cloud infrastructure. Proficient in Python, SQL, and Google Cloud Platform, with a proven track record of delivering data-driven insights and practical software solutions that support operational and strategic decision-making. Experienced in leading cross-functional teams, building ML solutions, and communicating findings to both technical and non-technical stakeholders.

EDUCATION

Bachelor of Informatics Engineering 2021 – 2025

Universitas Muhammadiyah Riau | Pekanbaru, Indonesia

GPA: 3.89 / 4.00 — Graduated in 7 Semesters

Relevant Coursework: Data Science, Database Systems, Cloud Computing, Intelligent Decision Support Systems, Computer Networks, Web Development, Data Structures.

PROFESSIONAL EXPERIENCE

IT Staff (Internship) Nov 2025 – May 2026

PT Surveyor Indonesia | Pekanbaru

- Developed a web-based attendance and field surveyor report submission application to digitalise and streamline daily operational data collection.
- Analysed operational data to identify performance trends and generated actionable recommendations that improved project decision-making efficiency.
- Built internal automation tools and lightweight ML models to streamline operational workflows and reduce manual processing time.
- Managed and structured project documentation with vendors, ensuring traceability and compliance across project deliverables.

AI Engineering Participant — AIPCO Project Dec 2024 – Apr 2026

Telkom Athon (Telkom Indonesia) | Remote

- Engineered an LLM-powered multi-agent assistant for pricing, policy, and cost estimation, leveraging Retrieval-Augmented Generation (RAG) for document intelligence.
- Automated RAB (Budget Plan) generation and validation workflows; integrated n8n, Google Sheets, and Azure OpenAI to reduce manual errors and processing time.

Performance Risk & QoS (Internship) Feb 2025 – Apr 2025

Telkom Indonesia | Pekanbaru

- Processed and organised vendor agreements and Purchase Orders, ensuring regulatory and administrative compliance.
- Supported performance data monitoring activities for network quality of service reporting.

Data Analytics & Software Engineering Participant Feb 2024 – Jul 2024

RevoU | Remote

- Led a 13-member team to design and deploy interactive dashboards using Looker Studio, enabling stakeholders to track KPIs in real time.
- Executed end-to-end data analysis pipelines: data ingestion, cleaning, and exploratory analysis using Python (Pandas, NumPy) and SQL.
- Presented findings to business stakeholders; team was recognised as top-performing cohort.

Cloud Computing Path — Bangkit Academy Aug 2023 – Jan 2024

Google, Gojek, Tokopedia (Bangkit) | Remote

- Built and deployed the "Interviewku" application for job interview preparation, managing all cloud infrastructure and RESTful APIs on Google Cloud Platform.
- Coordinated a 7-member cross-functional development team through the full product lifecycle.

Staff Jul 2020 – Oct 2022

CV Green Laundry | Pekanbaru

- Managed inventory and quality control for laundry operations and also Performed periodic stock opname checks to maintain transparency and flow of goods.

CERTIFICATIONS

Google Data Analytics Certificate — Coursera / Google Nov 2023

Google IT Support Certificate — Coursera / Google Jan 2024

Become a Cloud Engineer — Dicoding Academy
Cloud Computing Fundamentals — Google Cloud Skills Boost
Creating and Managing Cloud Resources — Google Cloud Skills Boost
